

Dear Kim,

What a pleasure to have an addition like Gestures on the South Main landscape!

On a personal note, your store has been the inspiration for me to find reasons to give gifts and flowers to people in my life and every time I do their enthusiastic thanks is a testament to the quality of your products. Thanks for being my partner in making my friends smile.

I also must commend you on the customer attention which goes well beyond any reasonable expectation.

Professionally, as someone who works to introduce to people the joys of living in South Main - you have made my job that much easier.

Thanks - Anna McQuiston VP, Marketing, Henry Turley Company
